The location is truly strategic, with quick access to Downtown Dubai, DIFC, Dubai Canal and the main business and leisure areas, offering an urban, sophisticated and cosmopolitan lifestyle.

The project consists of apartments of typologies T1, T2 and T3, as well as exclusive T4 duplex penthouses. The T1 apartments have areas between approximately 69 and 71 m², the T2 vary between approximately 85 and 158 m², and the T3 offer generous areas between 182 and 184 m². All units benefit from a ceiling height of 3 meters, providing greater luminosity and a feeling of spaciousness, as well as private parking. Some typologies T2 and all T3 include a service room.

The T4 duplex penthouses are distinguished by their exclusive character and exceptional dimensions, with interior areas between approximately 337 and 409 m² and large private outdoor spaces that can reach around 329 m². These units have a ceiling height of 4 meters, large terraces, private pool, office, service room, independent entrances and two kitchens a fully equipped main kitchen and a support kitchen with top finishes and equipment.

The interiors have been thought out in detail, with high-quality contemporary materials. The kitchens are equipped with built-in appliances, the floors are in porcelain and wood (in the premium units), and the bathrooms have modern finishes, with brushed nickel hardware and tempered glass elements.

The development offers a full suite of exclusive amenities, including panoramic pools on two levels, a fully equipped gym, private training studio, sauna, Turkish bath and ice bath. It also has family leisure areas, a lounge for residents, solarium areas, a children's area, concierge services, permanent security and private parking.
