ABOUT THE AREA

Drage, Croatia, is a picturesque village nestled along the Adriatic coast, offering a tranquil escape with stunning sea views and a relaxed Mediterranean atmosphere. Characterized by its charming stone houses and narrow winding streets, Drage provides a glimpse into traditional Dalmatian life. The coastline surrounding the village is dotted with numerous coves and small beaches, perfect for swimming, sunbathing, and enjoying the crystal-clear waters of the Adriatic Sea. The proximity to the Kornati National Park, an archipelago of breathtaking islands, makes Drage an ideal base for exploring this natural wonder through boat trips and sailing excursions.

The local attractions in and around Drage cater to those seeking a blend of relaxation and outdoor activities. Besides the inviting beaches and the allure of the Kornati islands, the nearby Vransko Lake Nature Park offers opportunities for birdwatching, fishing, and cycling along its scenic trails. The historic town of Biograd na Moru, with its marina, restaurants, and cultural events, is just a short drive away. For those interested in history and culture, the ancient city of Zadar, with its Roman Forum, Sea Organ, and Sun Salutation, is also within easy reach, offering a fascinating day trip.

When planning a visit to Drage by air, the most convenient option is Zadar Airport (ZAD). Located approximately 30 kilometers north of Drage, the airport offers a range of domestic and international flights, connecting the region with various European cities. The transfer from Zadar Airport to Drage is relatively straightforward, with options including airport shuttle services, taxis, and rental cars, making the onward journey comfortable and efficient.

Another viable, although slightly further, airport is Split Airport (SPU). Situated around 75 kilometers south of Drage, Split Airport is the second busiest airport in Croatia and offers a wider selection of international flights. From Split Airport, travelers can reach Drage by rental car, private transfer, or by taking a bus to nearby towns like Biograd na Moru or Ploče and then arranging local transport to Drage. While Zadar Airport is closer, the availability of more flight options at Split Airport might make it a preferable choice for some travelers depending on their departure location and travel preferences.
