Περιγραφή:

This charming, detached house in the popular urbanisation La Marina impresses with its well-thought-out layout, generous outdoor areas and versatile usage options.

Upon entering, you are greeted by a bright conservatory, which serves as an inviting entrance area and can be used year-round. The upper level also features a covered parking space (carport) and a fully tiled driveway that is both easy to maintain and visually appealing.

The property extends over three levels:

Upper level: This is where the main apartment is located, with a comfortable living area, kitchen and two bedrooms. Middle level: Accessible via a staircase is the separate second apartment with its own kitchen, bathroom, two bedrooms, and a comfortable living area – ideal for guests, families, or for rental purposes. A terrace also invites you to relax outdoors. Lower level: This offers a spacious basement with plenty of storage space.

A particular highlight is the large, tiled garden with a beautiful tree, which creates a pleasant atmosphere and offers plenty of space for relaxation or social gatherings.

The property has a total of four bedrooms, spread across both residential units, making it perfect for families or as an investment property.
