Περιγραφή:

Business premises for sale, located in an attractive location in Split, just a few minutes' walk from the city center. The space has an area of 198 m², is located on the ground floor of a multi-storey building and has its own meters for electricity and water. This space is sold with a long-term lease (lease period from January 2019 to January 2029) and an annual payment of over 65,000 euros + VAT.

Investment potential is unquestionable, because the tenant has been in this space for 12 years and this is the second ten-year lease cycle. To that extent, we believe that this office space with this contract can be considered a good investment, considering today's interest rates offered by banks, below 1.00%.

Additional information about the facility, its exact location and sightseeing is possible after signing a brokerage agreement with the agency that is in accordance with the Data Protection Act and the Real Estate Brokerage Act.
