Krk, Unique House by the Sea

We present a unique house on the island of Krk, with a surface area of 100 square meters, situated right on the seafront. This one-of-a-kind property, merged with the Krk rock, offers an unforgettable experience of the maritime environment. Categorized with four stars, it provides complete comfort and is perfect for a relaxing holiday. The house spans several levels and consists of a kitchen, living room, three bedrooms, and three bathrooms.

A special attraction of this property is its exterior, which stands out with natural beauty and the historical charm of the surroundings. It is located in a small town known as the eno-gastronomic hub of the island, full of rich history and authentic atmosphere. The house offers a spectacular, unobstructed view of the Kvarner Bay, making it a true rarity on the market.

The magic of this location is difficult to describe in words, so we highly recommend a personal visit, for which we are at your disposal.
