NEW IN OFFER!!

Unique property in Novalja on the island of Pag.

A fully furnished and equipped exclusive villa with a swimming pool is for sale in a prestigious location just 250 meters from the sea and the famous sandy beach of Babe.

Built on a plot of 780m² and has a calculated living area of 310m².

The interior of the villa exudes luxury spread over two floors.

On the ground floor there is a spacious modern Heacker kitchen with a pantry, which is equipped with modern Liebherr and Bosch appliances in a minimalist open-type design with a kitchen island, and connected to the dining room and living room.

The dining room is illuminated by natural light thanks to large glass windows overlooking the outdoor area and the pool, providing a warm and inviting atmosphere for family gatherings.

The living room is of the OpenSpace concept and is located right next to the dining room.

It is equipped with an open fireplace, comfortable sofas, a large SMART TV and elegant details, making it an ideal space for relaxation and socializing.

A large glass wall connects the interior with the outdoor terrace, sundeck and XL swimming pool, creating a harmonious flow between indoor and outdoor living.

There is also a modern bathroom, which is easily accessible from all parts of the ground floor.

The spacious extension of the living room can be a playroom or a space for entertainment and relaxation, with a corner for children or recreational activities such as billiards, table football or a SMART TV with Playstation.

An additional value is in the internal storage room - utility room and laundry room.

The ceiling height on the ground floor is an impressive 3m.

Upstairs there are four bedrooms, all designed as en-suites, meaning each room has its own entrance hall and each room has its own private bathroom, ensuring comfort and intimacy. The rooms are spacious, with large king-size beds, SMART TVs, wardrobes and large sliding glass walls that let in plenty of natural light. The rooms open onto a luxurious terrace with a beautiful view of the sea or the surrounding nature. Perfect for relaxing with your morning coffee or evening cocktails, while enjoying the view of the sun setting over the island. An added value is the multipurpose room upstairs that can potentially be used as a sauna.
