Περιγραφή:

Set in a hamlet with no local shops, 25 minutes from Beziers, 5 minutes from Faugeres, Gabian and Laurens, 10 minutes from Roujan, 15 minutes from Pezenas and 35 minutes from the beaches.

In the heart of the Faugerois region, within a privileged natural setting that is easily accessible, this rare wine-growing estate offers significant development potential within the renowned Hérault terroir. The buildings benefit from excellent visibility and ideal logistics for artisanal production and sales. With a footprint of approximately 1860 m², the property comprises several functional areas: a historic wine cellar complemented by an extension dedicated to winemaking, ageing cellars, storage areas and dry goods storage, as well as a large agricultural shed for farming equipment. The property is in good overall condition and offers numerous opportunities for development. A building plot also allows for the construction of a residential and/or commercial building of approximately 400 m² over two storeys, ideal for a wine cellar, offices, a residence or a wine tourism project. A unique property, combining authenticity, functionality and potential for appreciation, in the heart of a sought-after wine-growing region.
