Περιγραφή:

Imagine developing a residential project in one of the most privileged locations in Campo Maior, in the center of the village next to the Municipal Garden, close to the historic center and leisure areas.

This property, with 422 m² of area, has enormous potential for real estate appreciation and development:

- Central, exclusive location
- 7 rooms
- Approved architectural design
- Possibility of expanding the 1st floor to the building's façade;
- Possibility of creating up to 7 apartments
- Traces of typical Alentejo architecture
- Excellent opportunity for real estate investors and developers

In a market where assets with construction potential in central areas are increasingly scarce, this is an opportunity to create value and profitability in a consolidated and high-demand location.

If you are looking for a differentiating investment in Campo Maior, get in touch to know all the details of this project.
