Περιγραφή:	

2 bedroom apartment with 62 m² of gross private area, refurbished, located on the 1st floor of a building without elevator.

The property stands out for the charm of traditional Lisbon architecture, with plank floors, high ceilings and an unobstructed view over the city of Lisbon, benefiting from a pleasant sun exposure to the southwest.

Inserted in an old building from the 1930s, it has architectural elements that give it personality, elegance and authenticity.

The kitchen is equipped with an oven, electric hob and water heater, and all equipment is electric. The apartment also has a refrigerator and washing machine, currently in operation, which will remain in the property for the use of tenants. However, this equipment is not an integral part of the rental contract, and any repairs or replacements are the responsibility of the tenants.

Location

Located in a central and consolidated area of Lisbon, the apartment benefits from an excellent network of transport, commerce, services and leisure equipment, providing a comfortable and practical urban experience.

In terms of transport, it is about 50 meters from the 730 bus stop, with a connection between Praça José Fontana (Picoas) and Picheleira. The metro stations of Arroios (Green Line), Alameda (Green and Red Lines) and Olaias (Red Line) are within walking distance, allowing quick travel throughout the city, including a direct connection to Lisbon Airport and Oriente Station, the capital's main rail and road interface.

In the surroundings you will find several spaces dedicated to sports and leisure, such as the Penha de França Swimming Pool, the Fitness Up and the pleasant Paiva Couceiro Square, ideal for outdoor moments.

Daily life is facilitated by the proximity of a wide commercial offer, including the Arroios Market, supermarkets, traditional commerce, pastry shops and various services. Rua Morais Soares and its surroundings offer a much appreciated neighborhood dynamic, where you can find practically everything within a few minutes' walk.
