Contemporary Mediterranean villa with sea views in Jávea

Villa Nadaleta offers a contemporary interpretation of the Mediterranean lifestyle, with stunning views of the sea, Montgó mountain, and the Jávea landscape. Surrounded by established gardens with palm and olive trees, the property enjoys a private and light-filled setting.

The architecture blends Mediterranean charm—white facades, tiled roofs, and natural stone—with a contemporary design featuring clean lines, large windows, and high-quality finishes. The home comprises a spacious living-dining room connected to the terrace and garden, a designer kitchen equipped with Siemens appliances, a central island, a wine cooler, and a hidden breakfast bar.

It features five bedrooms, all with dressing rooms, five full bathrooms, and a guest toilet. The master suite boasts direct access to the terrace, sea views, a spacious dressing room, and an en-suite bathroom. On the lower floor, a second living room opens onto the pool and garden, along with three additional bedrooms and spaces designed for privacy and comfort.

The exterior is designed to enjoy the Mediterranean climate all year round, with a heated pool, equipped summer kitchen, outdoor dining area, landscaped garden, waterfall, fountain, ambient lighting and integrated sound system.

The property also includes a gym, a separate apartment with a bathroom and kitchen, a laundry room,

storage rooms, and covered parking for four vehicles. An elegant and bright villa where architecture, nature, and sea views blend in perfect harmony.
