Περιγραφή:

A gated release of twenty-two identical one-bedroom, one-bathroom loft townhouses, each with its own private plunge pool and a mezzanine-level bedroom loft above a sunken living space. Currently under construction on a quiet residential plot minutes from Bali's main south-coast corridor, with security-gated access and landscaped walkways between rows. The project's spatial-plan validation (KKPR) is already approved for tourist-lodging use, giving buyers a cleared legal pathway for short-term rental from day one. Sold on a 30-year leasehold with a staged, construction-linked payment plan. Handover is estimated for the first half of 2027.
