Plot 1, identified as plot 16792, has been assigned a buildable area of 696.45 m<sup>2</sup> in the Grade 1 Open Building typology. The construction of 9 homes in an open block has been planned, each with an approximate area of 77.38 m<sup>2</sup>. Although the urbanization project was approved on 7 May 2004 and has been authorized by the hydrographic confederation to carry out the works, it is important to note that they have not yet begun. A similar development cost is estimated for each plot, according to the percentages indicated in the simple note, although the total expected cost is not specified.

This set of properties represents an attractive opportunity for investors and developers, offering a diversity of residential options in a prime location. - REF: Ribaomontán del Mar XH 401020
