Descripción:

Located in Kastos.

A great opportunity for the discerning investor to acquire a substantial and diversified land portfolio on the island of Kastos, one of the Mediterranean's best kept secrets located in the heart of the Ionian Sea.

The portfolio comprises a total of 560,000 square metres, divided into 3 sections:

- A plot in the Northern part of the island comprising a complete cross section of the island and its own beach - ideal for a luxury private resort.
- A number of contiguous plots in the central part with easy sea access and exceptional views.
- A large plot in the South West part of the island with 850 meters of stunning coastline and wonderful views out to sea, along with easy access to Kastos' second harbour.

More details for the 3 individual parcels of land can be found on our website.

Kastos Island is wonderfully private and secluded and is an area of outstanding natural beauty, yet it is within very easy reach of the Greek mainland and Preveza airport.

The airport has a growing range of international destinations and airlines, in addition to which there has been recent major investment in the road networks, resulting in both Athens and Thessaloniki being an easy 3-4 hour drive away.

Over the past 10 years, this central part of the Ionian region has witnessed growing investment including the purchase of ex Onasis Skorpis island for luxury villa development and on the close neighbouring

island of Meganisi with the Rothschild purchase of the 3,000k tail section of the island and substantial and growing private villa development.
