Descripción:

This immaculate villa is located on the La Cala urbanisation of Javea. The villa is distributed on one level with a glazed covered terrace, a lounge and dining room with an open-plan kitchen, two double bedrooms sharing a guest shower room and a master bedroom with en-suite bathroom. All bedrooms have fitted wardrobes and recently installed hot and cold air conditioning units. The property also has gas central heating throughout with a new boiler just a year old.

The pool area is very private and has an ample terrace for sunbathing. The property also has an electric gate leading to a garage currently used as a storage and utility area. The garden is fully fenced.

La Cala is a prestigious residential area with all services connected underground, including electricity, gas, fibre optic wi-fi and phone. It also benefits from having proximity to local international schools, shops, cafés and restaurants and a short drive to Javea's main beach, port and town areas.
