Cooling and heating are provided through inverter air conditioning units in each room. The objects have underfloor heating via a heat pump. The complete floors are tiled in ceramic.

The front carpentry consists of aluminum lift-and-slide doors and high-quality aluminum entrance doors of the CORTIZO brand, while the rooms and bathrooms have PVC Kömmerling with triple glazing. The objects are of energy class A+. All materials used in construction are of high quality. The pools are also tiled in ceramic, as are the beaches.

Object 790, or villa 3, has a wine cellar in the floor with a glass cover, and a net area of 197.55 m² for the object itself. All other characteristics are the same as in objects 1 and 2.

The pool is equipped with top-of-the-line equipment and ceramic tiles.

The complex is shielded from view and has a main entrance with access control through license plate recognition or remote control. It also includes 600m² of shared private road and around 290m² of a children's playground and additional guest parking. This shared part is used in 3 equal parts, with each villa owning 1/3, and ownership is also registered on these two plots.

Ville Tre Vini is a beautiful complex of three luxury houses with a pool, located in one of the most desirable areas in Nedešćina, Labin. Each of these three houses is named after a type of Croatian wine – Refošk, Teran, and Merlot, as the villas themselves are situated between 3 renowned winemakers.

Each of these three houses has a large fenced plot for access and parking, a shared children's playground, and numerous other facilities that make staying in this complex an unforgettable experience. Ville Tre Vini offers a unique opportunity to enjoy luxurious living in the beautiful area of Istria, alongside some of the best Croatian wines.

All three villas are built with luxury materials and details, and the interiors are elegant and modern. The outdoor space offers privacy and tranquility, is fenced, and has a separate plot as access. Each house has a large pool with a sun terrace and barbecue, perfect for relaxing and entertaining with family and friends.

The location of this complex is excellent – Nedešćina is a small and peaceful town in Istria, surrounded by beautiful nature and forests. Additionally, there is a protected area in front of the villas where no construction is allowed, ensuring that your view remains untouched. The nearest airport is Pula airport, which is cca 45 km away.

Shopping centers are a 2-minute drive away, the town of Labin is 4 minutes away, and the beautiful tourist destination of Rabac is only 7-8 (cca 10km) minutes away. A forest path passes by the villas, connected to miles of hiking and forest trails where you can enjoy running, cycling, walking, and other activities in the beautiful nature and clean air.

One of the advantages of purchasing these villas is the possibility of renting out a smaller unit to guests for additional income, while the larger unit will be the perfect home for you and your family. Furthermore, the complex includes a large parking area and a shared children's playground, which will be excellent for you and your guests.

In summary, these villas offer a perfect place to relax, enjoy nature and the wine culture of Istria, as well as the potential for rental income. Do not miss this unique opportunity to purchase your own piece of paradise in Istria
