Descripción:	Porto Plaza: A New Concept of Housing in the Invicta City

Porto Plaza is the latest residential proposal in the city of Porto, designed to offer a perfect balance between contemporary design, comfort and sustainability.

With a modern architecture, with straight lines and geometric shapes, this development values sophisticated simplicity. Every detail was designed to provide quality of life and well-being, creating a harmonious and functional environment.

Its clean aesthetic is combined with a timeless elegance, standing out for its large balconies that invite moments of leisure and contemplation. These outdoor spaces are true extensions of the homes, allowing a fluid relationship with the surroundings and privileging the entry of natural light.

With a private green area of more than 3900 m², Orto Plaza goes beyond a space to live it is an invitation

to enjoy life in tune with nature. The meticulously planned gardens and pedestrian paths provide a unique experience of tranquility and connection with the surrounding environment.

The development also includes an outdoor gym and a children's playground, ensuring leisure options for all ages, in a setting where well-being is the priority.

Combining innovation and sustainability, the project incorporates rainwater reuse systems, allowing the reduction of drinking water consumption and promoting efficient reuse for irrigation, cleaning and other non-potable uses. This sustainable approach reflects a clear commitment to environmental preservation, reducing financial costs and ecological impact.

Completion scheduled for September 2028.
