OPATIJA, MOŠĆENIČKA DRAGA - a representative building plot of 2139 m<sup>2</sup> for the construction of up to three family villas, houses for rent - holidays with a swimming pool

In the offer of the DUX agency, we highlight a top-quality building plot with a panoramic view of Kvarner and the islands, with an area of 2139m<sup>2</sup>. There is a small building on the ground, for which a final decision on the building permit is attached. This property is 800 meters from the sea as the crow flies, or 5 km by car (about 10 minutes). Water and electricity on the field. The terrain is one part flat, and the other is in a downward configuration. The field is located in a quiet and peaceful position, right next to the asphalt road. Clean and tidy property. We are glad that you are interested in the properties in our offer. Feel free to contact us for any further questions. Brseč, a small medieval town located on a cliff above the Kvarner Bay, enchants with its narrow stone streets and authentic Mediterranean spirit. With an incredible view of the sea and the surrounding islands, Brseč is the perfect place for those looking for peace and an authentic Mediterranean environment.
