In this villa, you will be mesmerized by the astonishing views of nature from Ponta Do Sol and Ribeira Brava. It has been perfectly placed overlooking the ocean, near the capital city Funchal, with extraordinary sea views and water ideal for swimming and water sports purposes.

On the ground floor, common areas were carefully incorporated on purpose in order to enable socializing with private sunbathing and pool terrace. The open-plan composition expands the interior spaces, with the kitchen and living room opening onto an outside decked area, complete with a fireplace and outdoor dining area equipped with a BBQ and bar.

The first floor is composed of the master bedroom that boasts an en-suite bathroom with floor-to-ceiling windows overlooking the landscaped gardens and the oceans. The interior of the house utilizes the highest quality natural materials to create a contemporary and discerning home.
