Descripción:

Located in a quiet and central street in Sestao, this apartment stands out for its good current distribution and its wide possibilities for renovation. It is located on the first floor with a lift and has a comfortable entrance hall that leads to a distributor corridor from which all the rooms can be accessed. It has three spacious bedrooms, which allows multiple redistribution options: from incorporating an en-suite bathroom to creating a large dressing room. Two of the bedrooms overlook a communal courtyard and one is exterior. The living room, also exterior, is very spacious, ideal for enjoying moments of leisure or rest. The house has a full bathroom with a bathtub and the possibility of enabling a second bathroom. The kitchen is equipped, with a work area and space for a dining table; Some appliances are still under warranty. As an addition, it has a small and very practical pantry. A reform of the façade of the building will be carried out, as well as a partial improvement in one of the rooms. In short, an apartment with spacious rooms, well located and with great potential for personalisation, ideal for those looking for a home with character in the heart of Sestao. - REF: Sestao XH 507230
