Descripción:

Eco-Friendly Farm 12.7 hectares of Nature and Autonomy in Monchique - Organic Farming and Ecological Resources,

To walk through this unique property is to immerse yourself in a rural paradise where nature guided every decision in the development of the space. With 12.7 HECTARES (31.4 ACRES), this farm has been carefully transformed into an OFF - GRID ECOSYSTEM based on PERMACULTURE, designed to meet all the basic needs of a HEALTHY, INDEPENDENT and SUSTAINABLE life.

Located in the parish of Marmelete, this property offers varied terrain with flat areas, hills and areas of natural vegetation.

EXISTING STRUCTURES

1 - HOUSE intended for original housing in rammed earth, with potential for renovation (an architectural project of a new housing made by the owners can be provided)

1 - CONSTRUCTION OF RAMMED EARTH , (RENOVATED) with NATURAL ROOF (Renovated barn with storage area, well-organized workshop and music room)

1 - Small rammed earth construction for storage

1 - 6 METER YURT with Salamander next to a stream with a pedestrian bridge

1 - 4.7 m caravan with kitchen dining area integrated into shelter

MULTIPLE UNLICENSED STRUCTURES, including

2 - CABINS WITH BEDROOM, KITCHEN, COMMUNAL BATHROOM (COMPOSTING), chicken coops, storage rooms, among others

WATER AUTONOMY

The property offers a complete and versatile WATER supply system, ensuring total autonomy and safety all year round.

STREAM with permanent WATER during the 12 months of the year, crossing the property a natural and continuous source of water for irrigation and agricultural support.

ARTESIAN BOREHOLE licensed with 120 meters of depth, allowing groundwater capture with excellent quality.

CISTERN with a capacity of 27,000 liters, ideal as a strategic reserve for domestic or agricultural use.

AUTOMATIC IRRIGATION SYSTEMS installed in various areas of the farm, including cultivation areas and orchards, allowing efficient, sustainable and energy-efficient irrigation.

4-PHASE FILTRATION AND PURIFICATION SYSTEM, ensuring clean and safe drinking water, suitable for human consumption.

This set of solutions guarantees not only independence from public services, but also resilience in a context of drought or scarcity a real asset for those looking for a sustainable life with low environmental impact

ENERGY AND INFRASTRUCTURE

The property is equipped with an impressive 40 PANEL SOLAR SYSTEM, with 50 kWh of storage capacity and 5 kW diesel generator, ensuring 110 V and 220 V electricity in abundance, without relying on the grid.

Farming Life, VEGETABLE GARDEN and MEDICINAL PLANTS supported by TWO AUTOMATIC IRRIGATION SYSTEMS

More than 400 trees were planted with love and dedication. The ORGANIC ORGANIC GARDEN (agricultural methods that follow sustainable practices, such as avoiding pesticides and synthetic

fertilizers, promoting biodiversity and protecting the natural cycles of resources), also includes an area dedicated to MEDICINAL PLANTS for the purpose of natural treatments, ideal for herbal production, infusions, natural cosmetics or complementary health therapies a true space for healing and knowledge.

Planted FRUIT TREE species include: peach, nectarines, apple trees, pear trees, pomegranate trees, orange trees, lemon trees, grapefruit trees, plum trees, cherry trees, grapevines, fig trees, olive trees, acai, elderberries, currants, kiwis, strawberries plants (300+), thornless blackberries, goji berries, raspberries, hazelnuts, almond trees, pistachios, chestnut trees and carob trees.

The FARM is located in a CALM and ISOLATED environment, with EXCELLENT SUN EXPOSURE and easy access by short dirt path. It is perfect for an autonomous living PROJECT, Agritourism, conscious ecotourism or rural tourism, retreat center

After-Sales Support and Smooth Transition

The current owners provide the resources used in the creation of this space, as well as after-sales follow-up, ensuring a smooth transition for the new guardians of this refuge.

This is a rare opportunity, especially for those looking to reduce dependence on traditional systems and live fully and in line with nature.
