Former Water Mill, built in the 17th century and completely renovated in the 20th century, located in the heart of the Perche Regional Park, near a small, charming town. This mill still benefits from its water rights thanks to its millrace, waterfall, and sluice gates (soon to be automatic), which are still in operation.

- Ground floor: it comprises a spacious 50 m2 living room with access to a terrace overlooking the millrace, a fitted and equipped kitchen opening onto a dining room, an office, a bedroom, a bathroom, a toilet, a laundry room, and a conservatory.
- Upstairs: a landing leads to a toilet, a shower room, and three bedrooms with beautiful exposed timbers.

It also features a superb stone outbuilding with several fireplaces, a stable, and a sheepfold that could accommodate a second home.

All set on 1.91 hectares of land with a large orchard, a vegetable garden, and a magnificent wooded parkland plot.

The department of Orne, in Lower Normandy is bordered by the other two departments in the region, Manche and Calvados. It is located in the south of the region bordering with Mayenne, Sarthe, Eure et Loir and Eure. It is the only Normandy department without a coastline.

Orne's history was built through war, destruction and chaos but also through prosperity so don't worry it is a calm and peaceful place to live and visit now! It has rolling countryside, open meadows and boasts some of the best weekly markets in France.

Nowadays you can still see vestiges from all the troubled periods, as well as modern architecture that followed WWII. Nice property in the area is easy to find and reasonably priced.
