**NO AGENTS, ONLY DIRECT WITH CLIENT** Chestertons International Real Estate Brokerage is proud to share this amazing fitted office located in Burj Khalifa for sale. The unit boasts of very high floors and has an awe-inspiring view of Downtown and Dubai skyline. **ABOUT BURJ KHALIFA** Are you wondering what is Burj Khalifa? The answer is simply, the tallest building in the world. Sometimes referred to as Burj Dubai, The Burj Khalifa is crowned as one of the most elite and highly coveted residential places in the world. Quite often, Dubai is recognised as a home to Burj Khalifa and other megastructures. This towering skyscraper lies in the heart of Downtown, a district commonly referred to as the 'Centre of Now'. Standing tall as a notable landmark, it is also a top tourist attraction in Dubai. Be it a national holiday or an international event, Burj Khalifa is the centre of attraction. Most importantly, people flock here from around the globe to witness the exciting celebrations, fountain shows and fireworks. Burj Khalifa and Downtown Dubai itself are developed by Emaar Properties. With excavation beginning on 6th January 2004, the tower was completed and opened to the public on 4th January 2010, a little under six years later. The world's tallest skyscraper is home to many extravagant amenities and fun activities for residents and tourists alike. The concept behind the development by His Highness Sheikh Mohammed Bin Rashid Al Maktoum was to build on Dubai's ever-growing status as a popular tourist destination, with this skyscraper adding to that vision. With that goal achieved, Burj Khalifa is located in the city's busiest tourism hub, Downtown Dubai – also home to The Dubai Mall, Dubai Fountain, Dubai Opera and a lot more must-visit places and things to do in Dubai.
