For sale is a building plot of regular shape located in the very center of Vabriga, one of the most desirable locations on the west coast of Istria. The plot is in an excellent position, with access to the complete infrastructure — electricity, water and sewerage are located right next to the land.

Due to its configuration and location, the land offers an extraordinary investment potential: it is possible to build 4-6 residential units or more terraced houses. Already from the first floor there is an enchanting view of the sea, which further highlights the attractiveness of this offer.

Ideal for investors and private buyers looking for a quality opportunity near the sea, beaches and all facilities.

Possible replacement for a quality property in Zagreb.

We are at your disposal for more information and to arrange a viewing.

Viewing the property is possible with a signed mediation agreement, which is the basis for further action in connection with the purchase and sale in accordance with the Act on mediation in real estate transactions. In the case of sales, the agency commission amounts to 3% + VAT and is charged when concluding the pre-contract/sales contract.
