Descripción:

Beautiful and spacious house in a quiet area of Jūrmala

The property is surrounded by modern and well-maintained new houses.

The main construction works have been completed. The house is already inhabited; city water supply and sewage are connected, and gas runs along the street.

Currently, the house is heated by a fireplace, but an underfloor heating system has been installed — the pipes are in place, and the floor screed is poured.

The second floor is conserved, leaving the opportunity to finish it according to your own taste.

At the moment, favorable purchase conditions are available, as the house has not yet been commissioned.
