We offer for sale a seaside complex in Euboea. It is a coastal area of 10 acres. Contact with the sea is 90m long, with a solitary 35m beach in the middle. The buildings of the property include a stone villa of 250m², six bungalows 30m² each and a house of 30 m² for the guard. The main stone house is 250 sq.m. at 35 meters from the lonely beach. It has all everything: 2 bedrooms with their bathrooms, 1 office which also can be used as a bedroom. All three rooms have terraces. Fireplace, air condition, living room and a wood oven in the kitchen and all the electrical appliances. Outside there is a small entrance terrace and on the west, there is a covered outdoor dining room and two large stone-built verandas (40 and 65 sqm) with a wonderful sea view. The 6 stone-built houses vary from 30-40sqm each, are autonomous, with 1 bedroom, 1 small bathroom and 1 living room with kitchenette. Ground-level terraces are located on the front and back. There is another house for the guard. The outer space has been shaped all by keeping its natural face with stone cobblestones and plants thriving in the area. Towards the eastern boundary, there are covered parking spaces, a BBQ shed, and an independent warehouse. The complex is suitable for family, large group or for short-term rent.
