PRIMOŠTEN- Building land with location permit + agricultural area!

DUX real estate offers an investment plot with a beautiful sea view, 5 minutes from the beautiful old center of Primošten.

This is a plot of land that offers a total area of 1520 m2, of which 1002 m2 is building land and 518 m2 is agricultural land.

An application for urbanization of the agricultural area has been submitted.

The building area has a location permit and the future owner only has to complete the process that has been started.

An ideal property for investors because two additional plots of the same concept can be purchased!

The created visualizations of the villa are an example of what kind of villa can be built on one of the plots:

The idea of the visualization is a villa with 4 bedrooms, 3 luxurious bathrooms, a swimming pool and rich outdoor facilities with a panoramic sea view!

The location of this investment plot as well as the beautiful panoramic sea view make it a very attractive opportunity for investment and development!
