The open-concept kitchen is beautifully finished with modern cabinetry, quartz countertops, a large walk-in pantry, and high-end stainless steel appliances. The living room features vaulted ceilings for optimal airflow and large sliding glass doors that seamlessly connect the indoor spaces to the outdoor pool area, flooding the home with natural light and ocean breezes.

The master suite is a sanctuary in itself, boasting expansive views, a generous walk-in closet, and a spa-like bathroom with a private outdoor shower. Additional features include a professional dual office with custom hardwood cabinetry, a spacious garage, and full furnishings included for a turnkey experience.
