This ocean-view studio apartment offers an elegant entry into Bali real estate through fractional ownership, combining lifestyle appeal, privacy, and professional management. Located near Melasti Beach within a hotel-style development, the property delivers five-star comfort in a truly secluded natural setting.

The development spans 3.2 hectares on a hillside, bordered by a canyon on one side and lush forest on the other, creating a rare sense of privacy and exclusivity. The estate comprises 18 private villas and 20 apartments, complemented by premium shared facilities including an in-house Middle Eastern restaurant, panoramic bar, 25-meter swimming pool, gym, and spa.

The studio offers a total area of 114 sqm and features an open-plan living and sleeping area, a modern bathroom, and floor-to-ceiling panoramic windows with uninterrupted ocean views. A key highlight is the private infinity pool, seamlessly blending indoor and outdoor living. The interior is finished in a refined Japandi style, with natural materials, soft tones, a fully equipped kitchen, water filtration system, and enhanced sound insulation.

Residents benefit from close proximity to Bali's most prestigious resorts — Bvlgari, Alila, Six Senses, and Karma Kandara — with their renowned restaurants and beach clubs just minutes away, reinforcing both lifestyle appeal and long-term value.

The land is held under a 36-year leasehold, with priority rights to extend for an additional 50 years,

providing a total of 86 years of ownership rights.

Available fractional ownership options:

- 1/6 share — USD 92,000
- 1/3 share — USD 174,000

A refined and flexible way to own a luxury ocean-view residence in one of Bali's most exclusive coastal locations.
