EXTERIORS THAT ADD VALUE

One of the differential points of this property is its outdoor spaces:

Consolidated garden with orange, lemon and centenary trees, private pool, barbecue area and several terraces and balconies.

These elements are key to the guest experience, favoring a high valuation of the accommodation and sustained demand.

Oil central heating

Air conditioning throughout the house

Covered garage with capacity for up to 6 vehicles

Three independent warehouses

CONDITION AND CONSERVATION

Built in 1915 and completely renovated in the 90s, the house retains its stately character, combining it with the comfort necessary for its current use.

It is in a very good state of conservation, with supplies registered and ready to continue its exploitation without the need for renovations.

ENVIRONMENT AND CONNECTIVITY

Located in the heart of Tierra de Barros, surrounded by vineyards and olive groves, with access to wineries of the Ribera del Guadiana Designation of Origin.
