Descripción:
Windmill House for Sale in Symi Island.

A partly renovated traditional windmill house with a total built area of 64 sq.m., set on a 153 sq.m. plot, is offered for sale in Chorio, the historic upper settlement of Symi. Positioned high on the mountain near the iconic windmills, the property enjoys direct road access and open views over the Pedi Valley and the village.

The house retains its authentic architectural character and offers excellent potential for completion and customization.

The internal layout allows for the creation of a sitting room, kitchen, two bedrooms, and two bathrooms, making it suitable for use as a private residence, a distinctive holiday home, or a character-driven investment property.

One of the strongest features of the property is its outdoor space. A large front terrace provides unobstructed views and an ideal setting for outdoor living, while the upper courtyard and garden add further privacy and usable exterior areas, seamlessly connecting the house with its natural surroundings.

The 153 sq.m. land plot offers a rare balance between built space and outdoor living for a traditional property in such an elevated and preserved location.

Quiet, elevated, and rich in character, this windmill house combines heritage architecture, panoramic views, and strong lifestyle appeal in one of the most atmospheric areas of Symi, offering a unique opportunity for those seeking authenticity and long-term value.
