The leasehold tenure runs until 2056 with an additional 30-year extension option, ensuring long-term security—an essential consideration when buying property in Bali or buying real estate in Bali as a foreigner. What truly sets this property apart is its location and management. Situated just one minute from Bali's most Instagrammable beach, Melasti Beach in Uluwatu, it stands out among beachfront properties for sale in Bali and Bali beachfront real estate offerings. The development is operated as a premium investment hotel managed by Wyndham Hotels & Resorts, a globally recognized brand that enhances credibility, occupancy rates, and returns—making it a standout investment property for sale in Bali. Residents and guests enjoy resort-style amenities including a rooftop infinity pool with bar, signature restaurant, SPA, coworking space, and 24/7 concierge service. Select units also feature a private

patio with pool, elevating the appeal for travelers seeking Bali luxury real estate and reinforcing its position among luxury properties for sale in Bali.

The apartment is also highly competitive against Bali villas for sale, Bali homes for sale, and other Bali residential real estate options due to its professional hotel management and turnkey setup. For investors tracking Bali real estate trends, this project aligns perfectly with rising demand for compact, well-managed hospitality assets. Whether you are exploring real estate in Bali for foreigners, working with real estate agencies in Bali, or searching through curated Bali real estate listings, this offering represents a compelling Bali property for sale leasehold and a proven Bali property for sale investment opportunity. It also appeals to buyers comparing Bali property for sale luxury, Bali property for sale cheap, Bali property for sale near amenities, Bali property for sale with pool, or Bali property for sale with ocean view options.
