Breathtaking Tropical Sanctuary: Luxury 5-Bedroom Estate in Ft. Jeudy, Grenada

Location: St. George, Grenada | Panoramic Ocean & Mountain Views | Seller Open to Offers

Perched on a verdant hillside in the prestigious residential enclave of Ft. Jeudy, this exquisite estate represents the pinnacle of Caribbean luxury. Built in 2016 to the highest architectural standards, the property—named 'Charlotte'—captures stunning 180-degree vistas of the sparkling Atlantic Ocean and the emerald peaks of Grenada. Facing North/Northeast, the home is perfectly oriented to invite the consistent, cooling trade winds that define tropical living at its finest.

The Main Residence: A Masterclass in Indoor-Outdoor Living

The main home is thoughtfully designed on a single level, emphasizing an effortless flow and an airy, open atmosphere. The heart of the residence is an expansive kitchen, dining, and living area characterized by high vaulted ceilings. This central space spills directly onto a private pool deck, creating a seamless transition for lounging in the sun or hosting sophisticated gatherings against a backdrop of mature tropical gardens.

The kitchen is a chef's dream, featuring bespoke soft-close cabinetry, sleek solid-surface countertops, and high-end built-in appliances. For maximum comfort and privacy, the residence offers four spacious ensuite bedrooms. Each room opens directly onto the sun-kissed patio, allowing residents to wake up to the sound of the ocean. The layout includes two primary suites at opposite ends of the home; one features a deep soaking tub for ultimate relaxation, while the other boasts a generous walk-in closet. Both primary suites are equipped with individual air conditioning units to complement the natural breezes.

Versatile Lower Level & Potential for Expansion

The lower level of this estate adds significant value and flexibility. It houses a fully self-contained 1-bedroom, 1-bathroom apartment, perfect for visiting guests or as a high-yield rental unit. This level is independent of the main house, featuring its own private driveway and outdoor decking—ideal for private entertaining.

For the visionary buyer, the lower level also includes a garage and workshop area, with ample square footage remaining for future expansion. Whether you envision a home gym, a cinema room, or additional guest suites, the structural footprint is ready to accommodate your dreams.

Uncompromising Safety and Modern Amenities

In the Caribbean, peace of mind is the ultimate luxury. Charlotte was constructed to meet Grenada's rigorous insurance hurricane standards. The home features Miami-grade hurricane-proof windows with tempered glass, ensuring the highest level of protection without sacrificing the panoramic views.

Practical amenities abound, including:

- * Utilities: Dual voltage (110v/220v), high-capacity water tanks, a dedicated water pump, and high-speed internet.

- * Functionality: A separate utility/laundry room, a guest powder room, and ample parking for multiple vehicles.
