Descripción:

Located in Quarteira.

This new development currently under construction, located in the city of Quarteira, represents an excellent opportunity for those who value comfort, functionality, and a central location. Scheduled for completion in September 2026, it combines contemporary architecture with solutions designed for everyday living.

The apartments have been designed to offer a high level of quality and well-being, featuring air conditioning, double-glazed windows, electric shutters, private terraces, built-in wardrobes, and fully equipped kitchens. The development also includes a lift and outdoor parking, ensuring convenience and security.

The location is one of its key strengths. Set in an area with a wide range of essential services within walking distance — including supermarkets, schools, pharmacies, and public transport — it allows for a practical and efficient urban lifestyle.

Just 1 km from the beach and within short walking distance of shops and restaurants, this development benefits from a strategic position that balances tranquillity with proximity to key leisure and convenience points. Open views over the city and surrounding area enhance the sense of space and natural light.

Whether for permanent residence or investment, this property is an ideal choice.

Don't miss the opportunity to invest in a modern and highly sought-after project in one of Quarteira's most desirable locations. Schedule your visit today!
