Descripción:

In a dominant position on the hills of Torri del Benaco, in the renowned resort of Albisano, this apartment is part of an elegant residence of recent construction, characterized by tranquility, care of space and a pleasant open view of Lake Garda.

The property stands out for the balance between living comfort and context quality, offering functional and well-distributed environments. The open space living area, bright and welcoming, is designed to ensure continuity between indoors and outdoors and opens directly onto the covered porch and private garden, the real strengths of the property. These spaces allow the home to be lived outdoors for much of the year, between moments of relaxation and conviviality, in a private setting overlooking the lake.

The sleeping area includes a master bedroom, a versatile second room and a bathroom, as well as a practical room for storage or laundry use. The modern and well-maintained residence is completed by a condominium swimming pool surrounded by greenery, ideal during the summer season.

The location ensures privacy and quality of life, while remaining a short distance from the lake and services. The property also includes two private parking spaces.

Solution suitable both as a main residence and as a vacation home, ideal for an international clientele looking for a well-maintained property in an exclusive context and easily usable in every season.

Común

Dormitorios: 2
