Descripción:

We love it when a house like this comes to us ! A classic antique Olvera casa that has been looked after and maintained by loving owners still maintaining all the beautiful features throughout and in solid condition it's a rare find!

You feel it from the moment you open the front door and are facing the most beautiful solid wood and brass interior door that looks like it's come from a convent or monastery and is in immaculate condition . Through this door you have a large central living area with original mouldings and interior doors leading into a large front bedroom which has built in cupboards and a love original bay window with window seat . A second set of doors across the living space open on to a quirky set of steps which take you up through an archway into 3 further bedrooms .

From the living space a hallway leads down to the well preserved nest kitchen which also has a huge pantry , there are beans and the traditional campana de cocina it's charming !

The back door leads out into a long shady patio off which is what would have been a stable , which has the original rough plastered stone walls , feeding troughs and is such good clean condition too .

At the end of the patio there is a small laundry area and what is currently the only bathroom , but don't

worry there is scope and space upstairs for more !

Whilst downstairs is renovated and finished with tiles etc upstairs is a total blank canvas , divided into various spaces with concrete floors , the largest space runs across the frontage of the house has two balconies and has been used as a bedroom though it's the size of two .

There is a small mix terrace overlooking the patio but no views .
