Set within the emerging coastal enclave of Kedungu—an area rapidly gaining recognition in the Bali real estate market—this exclusive off-plan villa presents a rare opportunity to secure a refined residence in one of the island’s most authentic beachside settings. Offered at USD 570,000 under a leasehold title valid until October 2055 with priority rights to extend, this property is a standout choice for discerning buyers buying property in Bali with both lifestyle and long-term value in mind. Part of a boutique collection of just three private villas, this development is thoughtfully designed as a discreet sanctuary for modern living. Featuring three spacious bedrooms and three bathrooms, it aligns seamlessly with the expectations of premium Bali homes for sale and high-performing investment properties for sale in Bali. The architectural concept emphasizes comfort, privacy, and functionality. Fully air-conditioned living and dining areas ensure year-round comfort, while high ceilings and large-format windows invite natural light and optimize airflow—key elements in contemporary Bali residential real estate. Dedicated home office spaces cater perfectly to remote work trends, further enhancing appeal within evolving Bali real estate trends.
