Zagreb, Špansko–Malešnica, office space for rent

Two excellent and functional office spaces are available for rent, either together or separately. The total area of both units is 400 m², with each unit comprising 200 m². They are located on the 3rd and 4th floors, one above the other, in a newer residential-commercial building.

Both office spaces have a very similar layout with only minimal differences. The space on the 3rd floor has a more spacious entrance area, which serves as a shared area with a kitchenette, while behind it there are larger and smaller office rooms.

The space on the 4th floor has a slightly higher number of office rooms. Each office unit includes three garage parking spaces, meaning a total of six parking spaces.

Each floor can accommodate approximately 15 workstations, depending on needs and office layout.

The building is of newer construction and high-quality execution. The office spaces are filled with natural light and provide a pleasant and functional working environment.

The space is ideal for office activities of various profiles, and the layout and quality will meet the needs of more demanding companies.
