Elegance and Exclusivity in Vila Sol Golf Resort, Algarve

Located on one of the most prestigious and exclusive golf courses in the Algarve, this exquisite 4+1 bedroom villa harmoniously combines traditional architecture with the ultimate in contemporary comfort. Boasting a prime location, it offers easy access to the Clubhouse, bars, and restaurants, while being just 4 to 5 km away from golden sand beaches, the vibrant Vilamoura Marina, and its iconic golf courses.

Set on a 1,400 m² plot with 444 m² of construction area, the property stands out for its superb privacy and exceptional natural light.

The Ground Floor: Fluidity and Comfort

Upon entering, you are welcomed by a sumptuous hallway that sets the tone for the high-quality finishes throughout. To the right, the luxury, fully equipped kitchen features a modern design and is equipped with state-of-the-art appliances. It also benefits from a generous pantry and an independent laundry room with outdoor access.

The kitchen is open to the elegant dining room, which flows seamlessly into the living rooma space bathed in natural light thanks to large glass sliding doors. For cooler evenings, the gas fireplace creates a warm and cozy ambiance.

Also on this floor are two generous en-suite bedrooms with solid oak wardrobes and direct access to the garden, as well as a space ideally suited for a home office.

Upper Floor: Unobstructed Views

Ascending to the first floor, you will find two more superb en-suite bedrooms, including the master suite with an exclusive walk-in closet (dressing area). All bedrooms on this level open onto expansive private terraces overlooking the golf course. Access to the rooftop terrace reveals breathtaking panoramic views encompassing both the mountains and the golf course.

Basement and Garage

The lower level features a fifth en-suite bedroom (perfect for guests or staff), a spacious gym and garage with an automatic gate.

The Exterior: The True Algarve Lifestyle

The meticulously maintained garden, complete with an automatic irrigation system, beautifully frames a fantastic swimming pool heated by a heat pump (discreetly hidden within the landscaping). For outdoor dining and entertainment, the covered outdoor kitchen and barbecue area has been cleverly protected from the wind with side glass panels, ensuring it can be enjoyed all year round.

Equipment, Technology, and Impeccable Condition

Completely renovated in 2017, the villa is in pristine condition.

Technical Highlights: Air conditioning throughout, underfloor heating in the bathrooms, recessed LED lighting and designer wall ceiling fixtures, centralized electric shutters, a security-connected alarm and a water heating system powered by an electric cylinder with a gas backup.

A unique property, ready to move into, tailored for those who demand the very best.
