Descripción:

Discover this pleasant 2 bedroom apartment located on the 2nd line of the beach, an excellent investment opportunity in a privileged area, where proximity to the sea is combined with comfort and functionality of everyday life.

Condition of sale: the owner intends to sell the property, reserving for herself the usufruct for life. This modality represents an interesting opportunity for investors looking to acquire real estate assets at a competitive price, with potential for future appreciation.

The property has a large and bright living room, ideal for moments of conviviality and leisure, as well as an independent, practical and functional kitchen. The two bedrooms have built-in wardrobes, providing great storage capacity.

For greater convenience, the apartment has two complete bathrooms: one equipped with a bathtub and the other with a shower.

One of the great highlights of this house is its south-facing balcony, a perfect space to enjoy the mild climate all year round, also equipped with a barbecue for pleasant outdoor meals with family and friends. It also complements a parking space in the basement of the building, ensuring security and convenience in parking.
