ABOUT THE AREA

Bentota is a resort town on Sri Lanka's southwest coast. Its long Bentota Beach stretches north, where it becomes a sandy strip known as Paradise Island, parallel to Bentota Lagoon. Coral-rich dive sites include Canoe Rock. On Bentota River, centuries-old Galapota Temple has a large Buddha statue. Southeast is Lunuganga, the estate and gardens of architect Geoffrey Bawa. Northeast is his brother Bevis's Brief Garden.

Bentota began life as a settlement built around a small Portuguese fort on the estuary of the Bentota River. In the 19th century, the British converted the fort into a rest house, where civil servants would come to relax in the grounds under the shade of the tamarind trees. Still welcoming those who crave a break, it's now one of Sri Lanka's most popular beach resorts.

Bentota is spread along Sri Lanka's west coast, with a cluster of hotels to the north that gradually thin out as you travel south. The lengthy stretches of golden sand are shaded by corkscrew palms, the occasional granite outcrop, and little else.

While this is a popular beach resort, there are no beach bars or restaurants lining the sand, just hotels, villas and luxury resorts tucked behind the palms at discrete distances from each other.

Bentota is blessed with one of Sri Lanka's more impressive beach offerings. A long, broad belt of pristine sand is set against a gorgeous green backdrop, dotted with coconut trees. Waves can climb high here, too, making it the perfect spot for surfers. The lack of souvenir shops and hawkers you might find elsewhere only adds to its appeal.

Bentota is home to some stunning natural beauty. You'll find acres of exotic forestry and beautiful landscaped gardens to get lost in. It's hardly surprising, then, that such a diverse collection of wildlife has chosen to make the surroundings home. White-bellied sea eagles, tree frogs and crocodiles can all be found here. And the nearby Kosgoda Turtle Hatchery gives you the chance to release adorable new-born baby turtles into the sea.
