ABOUT THE AREA

Monemvasia is a town and municipality in Laconia, Greece. The town is located on a small island off the east coast of the Peloponnese, surrounded by the Myrtoan Sea. The island is connected to the mainland by a short causeway 200 metres in length.

Monemvasia is a uniquely preserved medieval town that is carved into the majestic grey rock like a sculpture. By land, there is only one way in, via a causeway, as the origin of its name (one entrance) implies. The 'Gibraltar of the East' or a 'stone ship' about to set sail, as the famous Greek poet Yannis Ritsos described his birthplace, beckons you for a journey through time, wandering through vaulted alleyways and past churches and aristocratic mansions.

Take a swim in its crystal-clear waters and sample its delicious cuisine and legendary wine. Following in

the footsteps of knights, pirates, crusaders and emperors, who all fell under the spell of this mythical place in the Peloponnese, time will stand still and you'll become one with history.

What to do in Monemvasia

The medieval castle

As soon as you walk through the gate, you'll begin to uncover the secrets of Monemvasia. First have a coffee in the Agora, on the main cobblestone street in the Lower Town. This was the Byzantines' Central Avenue, the Venetians' Market and the Ottomans' Bazaar, the commercial artery and cultural hub for so many civilisations. Today, you'll see cafes, tavernas, shops and artisans' workshops. Duck in and out of arched alleyways until you reach the sea wall, where you'll pass quaint homes and crumbling churches. Looking up, you'll see the grand mansions of the Upper Town, where the nobility lived.

At twilight, the stones turn lavender (hence its nickname, the Violet City) and the streets fill with mysterious shapes, sounds and shadows. By now, you're no longer a visitor but a resident, as were the Byzantines, Ottomans, Venetians before you. In the evening, you'll have your choice of elegant restaurants, traditional tavernas, charming cafes and chic wine bars.

A culinary journey

Try the local homemade pasta called goges (like gnocchi, but flour-based) or saitia (fried cheese pies with fresh herbs). Oenophiles should sample the regional sweet wine called Malvasia, the authentic flavour of Monemvasia, dubbed the 'nectar of the nobles'.

A fairy tale stay

Monemvasia is an ideal romantic hideaway and honeymoon destination. Boutique bed & breakfasts and luxury hotels with suites boasting Turkish baths, mosaic floors and flowering courtyards will transport you to another time, without stinting on modern comforts. In the dimly lit rooms, with their vaulted ceilings and handmade wooden furniture, you'll live your own fairy tale.

The Upper Town

The Upper Town was home to the Venetian aristocracy and, although it's a steep climb to reach the beautiful mansions (in the 17th-century, travellers once counted 500), you'll be rewarded with panoramic views of the whole area. The half-Byzantine, half-Venetian church of Agia Sofia clings to the side of the cliff and is one of the most significant attractions in Monemvasia. Once inside, you'll be awe-struck by its magnificent octagonal dome.
