توضیحات:

Grupo MARSAPI offers you this exterior house of 151 m2 built, on the third floor of a beautiful farm from the 20s with the newly rehabilitated façade, doorman and elevator.

The property is distributed in large hall with access to the living room and later to the separate dining room. on the left through a corridor, we find 6 bedrooms and two bathrooms, full kitchen. The house is exterior, with lots of light and two orientations.

it only has load-bearing walls at the perimeter of the house, so it has many possibilities for reform.

The apartment is perfectly located, in one of the most representative streets of the Gaztambide neighborhood, where family life coexists with student life. The large number of terraces, charming bistros, supermarkets, schools, cultural centers and green areas among others, make this the perfect place for both restless personalities and families with children.

It is located a few minutes from the Argüelles metro and Alberto Aguilera street, it is very close to prestigious hospitals and colleges, and has a great communication with any tourist point in Madrid. - REF:
