ABOUT THE AREA

A former seaside bastion for a succession of Mediterranean powers, Alanya has boomed in recent decades and is a densely populated tourist haven for predominantly Dutch and Scandinavian sunseekers. At night, the downtown area can resemble 'Vegas by the Sea' – aside from taking a boat cruise or a stroll along the waterfront, many visitors only shuffle between their hotel's pool and all-inclusive buffet restaurant, perhaps dropping into a nightclub after dark.

But look up from the bars and tattoo parlours for a minute, and you will find Alanya has abundant charms. Looming high above the promontory, to the south of the modern centre, is an impressive fortress complex with the remains of a fine Seljuk castle, some atmospheric ruins and a sprinkling of traditional red-tile-roofed houses rimming the alleys that climb up the hillside. Alanya is a tale of two cities if ever we saw it.

Goldcity is a world of its own that sits on an area of 211, 677 m2. On the top of the hill sits the impressive luxury hotel which comprises Deluxe Rooms and Luxury Hotel Apartments / Suites. Within the hotel grounds there are clusters of beautiful villas and apartments. Goldcity is equally appealing for holidays and for residential use and we have a variety of freehold property types available for sale, including Detached Villas with private pool, Apart Villas & Penthouses or Luxury Hotel Apartments in the main building. Goldcity is a perfect place to holiday or to invest in your own holiday home.
