توضیحات:

This is a pioneering and ecological project located in Lisbon. The project offers a mix of 7 apartments and 13 eco-chalets, including studios, one- and two-bedroom apartments and one-bedroom duplex eco chalets. The project emphasizes green living for the 21st century, with a commitment to reducing resource consumption and using environmentally friendly, locally sourced building materials.

The project also includes an infinity pool and a lounge area with excellent views, providing residents with a comfortable and relaxing living experience. It is more than a development project; is a statement about the importance of sustainable living in today's world.

With a privileged location, it connects the city to any point in Portugal and Spain, within a few hours, but also within a short distance of Lisbon International Airport and access to the main highways.

Today it is a neighborhood located at the top of one of Lisbon's hills, 110 meters above sea level. This

makes it one of the most beautiful viewpoints in the city. Here you can live a peaceful life, in a very well located area, with good social facilities, a good public transport network, schools and supermarkets. This neighborhood is known for its sustainable development and has a lot of tradition

Whether you're passing through, on summer vacation or starting a new life, you'll always be close to home here.

The amounts relating to fees owed of any kind, as well as notary and registration fees will be the responsibility of the buyer and the mediator's commission must be paid by the seller, as stipulated by Portuguese law.
