Each property has its own parking space and storage room.

Residential has communal rooftop solarium with swimming pools for adults and children, green areas and chill-out zones and communal garden with playground on ground floor.

traditional businesses coexist with innovative shops and all kinds of services.

In this way, the district is perfectly connected to the accesses to the motorway. In addition, several bus lines make it possible to reach the city centre in no more than 10-15 minutes.

Along the streets that make up the district, you can enjoy the widest range of leisure and restaurant options. Having a coffee, choosing a restaurant, having a drink, or doing all kinds of shopping is within easy reach at any time.

From small local shops, through food markets, to large supermarket chains and hypermarkets, the residents of La Florida have at their disposal a wide variety of establishments where they can fill their shopping basket with the best quality products, all with the convenience of being close to home.

In addition, every Thursday and Saturday, the adjoining district of Florida-Babel, just a few minutes' walk away, offers a traditional street market.

Florida offers its residents educational centres for all ages. Nurseries and kindergartens, primary and secondary schools, and several secondary schools make it possible for all parents to provide enough for their children to study in the neighbourhood.

In addition, a special bus line connects the district with the University of Alicante on a daily basis.
