Location: Primorsko-goranska županija, Crikvenica, Crikvenica.

CRIKVENICA A detached house with a garage and a nicely landscaped garden is for sale. The residential building is made as a multi-story building, with a basement, ground floor, first floor and attic. It is located on a gentle slope, so depending on which side you look at, each part is on the ground floor or on the first floor. Access to the apartments on the ground floor and on the first floor is provided by an external staircase, and the rooms located in the basement level are accessed directly from the surrounding terrain.

On the ground floor there is a kitchen, a large covered terrace, a garage, an outdoor fireplace, a small toilet with storage and an outdoor shower due to the practicality and nature of using the house in the summer months at the sea. On the upper ground floor there is one apartment with kitchenette, bathroom, living room and two bedrooms. One bedroom has a balcony, and the living room has a large terrace. On the first floor there is an apartment with a bathroom and four rooms, two of which have a balcony with a beautiful view of the sea. The building has high-quality PVC joinery with double insulating glass, and external protection from the sun is provided by PVC shutters on all glazed elements of the facade. The entrance door to the building is also made of PVC, and the interior joinery is wooden or veneered with a veneer finish. The beautiful and peaceful location is a true oasis for summer vacation and life at sea. Dear clients, the agency commission is charged in accordance with the General Business Conditions:
