ZADAR, NOVIGRAD - building land with sea view

Within the municipality of Novigrad there are three settlements: Novigrad, Pridraga and Paljuv. The municipality is located in the northeastern part of Zadar County. On the north side, it leans on the waters of the Novigrad and Karin seas, while on the south side it borders the flat area of the town of Benkovac. The air distance from the center of Novigrad to the county center of Zadar is 26 km.

Building land with excellent urban conditions in a fantastic location overlooking the sea. The land is located in an unobstructed location, with access from the asphalt road. Construction is prohibited on the northern side of the land, which guarantees an unobstructed view of the sea. An excellent investment for tourism and / or the construction of a holiday home. The infrastructure is located right next to the land.
