Description:

Townhouse T2 Turnkey located in the Historic Center of Lagos a few minutes from the beaches of Avenida dos Descobrimentos.

Groundfloor consisting of spacious living room with kitchen with access to terrace and service bathroom. 1st Floor consisting of 2 bedrooms with bathroom support. There is also a second floor, with a terrace and views of the sea and the city.

Specifications: Heated flooring, aluminum thermal break, electric blinds, quality finishes, equipped kitchen and air conditioning throughout the villa.

Located in the Historic Center of Lagos. Excellent Investment to monetize given its location.

A 3-minute walk away you can find the beautiful Avenida dos Descobrimentos, where you can find the most sought after restaurants by tourists, have a cocktail at the Marina by the water, or take a dip in the

beaches that make up this part of the coast.

The city centre of Lagos is about 10 minutes walk away, where you will find the most varied services and languages, most pharmacies are in the center and our beautiful churches too, in the heart is the central bakery, which has been renovated but maintains its essence and traditionalism, there you will find the best croissants with chocolate, the breads with chorizo just come out and the bread more fluffy.

Lagos is a unique city that conquers all who visit it, either by the kindness of its people, by the delicacies, by the beaches and boat trips or even by its multiculturalism. I couldn't choose a better city to build a family.
