Praia da Rocha - With a vast and spacious sandy beach that stretches for more than 1 km, protected by cliffs of warm tones and aesthetically cut out, Rocha is the vacation spot chosen by more and more vacationers, being one of the best known beaches in the country.

The beach has a network of wide walkways that run practically all over the beach, along which the support equipment for beach users is multiplied, including a sports area.

Already on the avenue that accompanies the seafront of Rocha, there are hotels, bars, terraces, nightclubs and a casino, culminating in the marina of Portimão, diversifying the tourist offer and offering a lot of color and animation to the beach.

From the towering viewpoints existing at the ends of the beach, the Three Castles to the west and the Fortress of St.<sup>a</sup> Catarina de Ribamar, already at the entrance of the bar of the Arade River, the visitor is faced with a fabulous panoramic view over the coast line between Ponta João d Arens and Ponta do Altar.

Despite the urban and tourist component that characterizes the surroundings of the Rock, the natural landscape still seems to overlap, both for its grandeur and beauty.
