Description:

Discover an exceptional investment opportunity with this prime piece of freehold land, spanning 2,300 square meters. Perfectly positioned along the main road, this plot offers immense potential for various development projects. The land is rectangular in shape and level, making it ideal for efficient space utilization and minimizing preparation costs. Whether you are planning to build a residential complex, a commercial establishment, or a mixed-use property, this land provides a versatile foundation for your vision.

The strategic location of this land ensures easy access and high visibility, which are crucial factors for any successful development. Being on the main road, it benefits from a steady flow of traffic, making it highly attractive for commercial ventures. Additionally, the rectangular shape of the plot allows for optimal design and layout flexibility, enabling you to maximize the use of space. The level topography further enhances its appeal by reducing the need for extensive groundwork, thus saving time and costs in the initial stages of development.

With an asking price of Rp 2,500,000,000 per Are, this land represents a valuable asset in a thriving area. The freehold status guarantees long-term ownership and security, making it a wise investment choice. The prime location and favorable features of this plot ensure high demand and excellent potential for future value appreciation.
